IMPORTANT: This is a fixed indemnity policy,
NOT health insurance

This fixed indemnity policy may pay you a limited dollar amount if you're sick or hospitalized. You're still responsible for paying the cost of your care.

• The payment you get isn't based on the size of your medical bill.

• There might be a limit on how much this policy will pay each year.

• This policy isn't a substitute for comprehensive health insurance.

• Since this policy isn't health insurance, it doesn't have to include most Federal consumer protections that apply to health insurance.

Looking for comprehensive health insurance?
• **Visit HealthCare.gov** or call **1-800-318-2596** (TTY: 1-855-889-4325) to find health coverage options.

• To find out if you can get health insurance through your job, or a family member's job, contact the employer.

Questions about this policy?
• For questions or complaints about this policy, contact your State Department of Insurance. Find their number on the National Association of Insurance Commissioners' website (naic.org) under "Insurance Departments."

• If you have this policy through your job, or a family member's job, contact the employer.

Hospital Indemnity Insurance Benefits

With MetLife's Hospital Indemnity Insurance, you'll have a choice of two plans (called the "Low Plan" and the "High Plan") which provide benefit payments for covered events regardless of any other insurance payments you may receive. Here are just some of the covered benefits/services[B], when an accident or illness puts you in the hospital.[A]

Covered Benefits

Please contact MetLife for detailed definitions and state variations of covered benefits. [C]

In most states there is a preexisting condition limitation for hospital sickness benefits. If advice, treatment or care was sought, recommended, prescribed or received during the twelve months prior to the effective date of coverage, we will not pay benefits if the sickness occurs during the first twelve months of coverage.
In most states there is an Elimination Period for Routine Childbirth where benefits are not payable for the first ten months of coverage.

[3] If a covered person is confined again within 90 days for the same or related sickness/injury, we will treat the subsequent confinement as a continuation of the previous confinement.
[4] If the Admission Benefit is payable for a Confinement, the Confinement Benefit will begin to be payable the day after Admission.
[5] Payable for the period of newborn confinement for a newborn child who is not sick or injured.
7 The lodging benefit is not available in all states. It provides a benefit for a companion accompanying a covered insured while hospitalized, provided that lodging is at least a certain number of miles from the insured's primary residence as defined in the certificate.

Benefit Payment Example for High Plan

The example below assumes Susan sought treatment at a group policyholder-designated facility and is therefore eligible for additional payment under the Benefit Supplement Rider.
Susan has chest pains at home, and after contacting her doctor, she is instructed to head to her local hospital. Upon arrival, the doctor examines Susan and advises that she requires immediate admission to the Intensive Care Unit for further evaluation and treatment. After two days in the Intensive Care Unit, Susan moves to a standard room and spends two additional days recovering in the hospital. Susan was released to her primary care physician for follow-up treatment and observation. Her primary doctor is now keeping a close watch over Susan's overall health. Depending on her health insurance, Susan's out-of-pocket costs could run into hundreds of dollars to cover expenses like insurance co-payments and deductibles. MetLife Group Hospital Indemnity Insurance payments can help cover these unexpected costs or in any other way Susan sees fit.

Covered Benefit	High Benefit Amount
Regular Hospital Admission (1x)	$1,000
ICU Supplemental Admission (1x)	$1,000
Regular Hospital Confinement (3 total days)	$600
ICU Supplemental Confinement (1 day)	$200
Benefits paid by MetLife Group Hospital Indemnity Insurance	$2,800

Benefit amount is based on a sample MetLife plan design. Plan design and plan benefits may vary.
