MindClub America × Enthea
HEALING FROM WITHIN

Mental Health Care That Meets You Where You Are

A Complete Benefit, Built for You

Your employer has given you and your family confidential access to a complete mental health benefit — therapy, medication, and advanced clinical care, all in one place.

Whole Care

Talk to Someone Who Can Help

Licensed therapists matched to you within a few days. In-person or virtual.

Medication Managment

If medication is part of the picture, clinicians handle the evaluation, prescription, and ongoing adjustments.

Advanced Clinical Treatment

Through Enthea, employees with treatment-resistant depression, anxiety, PTSD, or addiction have access to Ketamine-Assisted Therapy.

What's Included

- Everyday support, ongoing therapy, medication management, and advanced clinical treatment.
- Available to your whole family. Spouse, partner, teens, young adults — covered.
- Your employer never sees who uses the benefit, what was discussed, or what was prescribed.
- Some people don't fully respond to conventional treatment. If that's been your experience, you're not out of options here — you're in the right place.
- A personalized Mental Fitness Plan with self-paced programs, free assessments, support groups.
